The Official Newsletter of the Garden State Ski Club

MALIBU DUDE RANCH '96

A week before we headed west for relaxation, the barnyard animals got excited knowing the great party was on its way. On Friday, it looked like a perfect weekend for the 80 happy-go-lucky GSSC members who thought of partying, but the rain put a damper on that. The Stone House was prepped with snacks, refreshments, a luge, flowers for all the ladies, assorted "toys", and music by the dynamic duo, Ray Marcus and Bob Gimpel. The torrential rains that came down Friday night created a lot of mud and made riding even muddier. A precious few, not taking advantage of the trail rides, took off hiking to the top of the mountain, collecting snakes, toads, berries, horse shoes, and looking for the elusive stretcher. The only thing we didn't hit was quick sand!

The dynamic duo

The entertainment in the dining hall consisted of a new "vogue cuisine platter" collected by the precious few. A pea-throwing contest was topped with Bob G.'s birthday celebration. A DJ provided music for dancing. Thereafter, we almost swam back to the Stone House for a drinking contest called "blowjob".

We were graced with "Annie" inflatable ego. Most of us had tatoos on respectable areas of our skin. Unfortunately, the monsoon prevented our usual bonfire and weenie roast, so we all need to return next year.

A LODGE FOR ALL SEASONS

Last summer GSSC built a very large deck off the rear of our Vermont lodge. It took five work weekends to build and twenty-one eager volunteers who gave our club 748 hours of their time in its construction. Most weekends the crew worked from 8:00 A.M to 8:00 P.M. on Saturday and again on Sunday from 8:00 A. M. until 6:00 P.M. Sometimes when the weather didn't cooperate we donned garbage bag rain coats and continued in our pusuits. On Saturday nites, we enjoyed a nice dinner together and sometimes even went dancing. What a hearty group!

In addition to the deck, Room #9 was able to be converted back to a two person sleeping room. The deck extends around the corner to Room # 9 giving access to the outside, as is required by Vermont State Fire regulations.

On November 1st, the State of Vermont Department of Labor and Industry gave approval to our finished deck. Also approved was occupancy for Room #9. Extra comments by the inspector in writing were, "Looks Good". In Vermont, that's high praise.

Of the 21 eager volunteers, there are three that deserve special recognition. They are Steve Corris, Danny Milutin and Joe Bilello. Without Steve, Danny and Joe there would be no deck.

Steve was our deck project leader. He designed the deck and saw to it that his plans were carried out to a perfect 'T'. The finished deck is a visual testimony to his outstanding expertise in the building trade. Due to his work schedule, he would often arrive in Vermont Saturday noon or evening straight from work and, with just a few hours nap, would begin working on the deck.

THE PRESIDENT'S**CORNER**

I thought that after six months as President of GSSC, it was about time for me to write an article for the Liftline. I am no writer, but I thought I'd give it my best shot. I figured I would share with you my recent experiences and some thoughts in general about GSSC.

I recently had the opportunity to act as a "recruiting agent" at the GSSC booth at the Jamboree. I handed out "kisses", pamphlets and copies of the Liftline. I also gave short talks about GSSC. Many people seemed genuinely interested in what the Club had to offer. Many were surprised at the diversity of the activities in the Club – the camping and canoe trip, summer BBQs, tennis, golf, Halloween party, the formal affairs, and the bus trips. They were also very interested in the fact that the Club had a house in Vermont, just minutes from Killington and Pico.

One person was concerned about the age range of the Club's members and asked whether he would fit in age-wise. I looked at him and said, "the age range varies from mid-20's to our most senior member who is in his 80's – and he still skis and plays tennis!" Hopefully, some of these "prospects" will come to a meeting and check us out. Some may stay on and some may not. Those of you who are reading this now hopefully have decided to stay.

We all stay at GSSC for different reasons – some to ski, some because their friends are in the Club, and some for the diverse social life and parties that the Club has to offer. I also believe that most of us have gained something valuable from the Club – namely, lasting friendships.

I am thoroughly enjoying my term as President. I would also like to thank my fellow Board members for their efforts and continued dedication. However, I am somewhat disturbed by the high noise level during the meetings. I do realize that we are here to socialize, but this adds unnecessary time to the meetings. Also, the internecine feuding within GSSC must come to an end. This behavior will only serve to drive new members from the Club. We must take care not to lose sight of the Club's main function –

TO PROMOTE SKIING AND TO HAVE FUN!

I am looking forward to a great ski season. See you on the slopes!

Dennis Young

CROSS-COUNTRY CAPERS

DARE TO SKI SKINNY THIS WINTER!

Skiing is not all downhill! For a winter fun alternative, step into some skinny skis and enjoy the sport in its original form. No liftlines. No crowds. No cacophonous machinery. Just you and some simple, light equipment gliding gracefully over natural snow, through the silent woodland splendor.

Nordic Myths: Think cross-country is too difficult? Too easy? Actually, XC can reward skiers of all ages and abilities. Its fluid motions involve a steady, measured exertion versus the intensive bursts and stiffening lift rides of downhill skiing. The stamina required is determined only by your progressive enjoyment.

Start easy, with a leisurely, sensuous stride along a flat lakeside path. Hungry for thrills? Build up to a heart-poundingly steep, narrow mountain chute on those 2"-wide by 210 mm-long edgeless boards, light ankle boots, and free-heel bindings. Turns optional. As you advance, you can learn the delicious new "skating" technique and the impressive telemark turn skills we often gape at from the comfort of an alpine chairlift.

Cross-Country Ski Schedule

Trips subject to change, depending on weather and leader availability. We usually carpool and start skiing together, with the advanced group soon forging ahead. Day trips may involve local areas without full facilities – bring daypack with water and snack. Renting ahead (Ramsey Outdoor Store, Paramus, \$10) is strongly advised. **Bad Weather Check:** If forecast is bad, call leader Thursday P.M. for cancel info. **New Members:** Meet requirements by helping, or organize a trip to your favorite area!

For more info, call Ron Vitale, 327-1316.

DEC. 29	Day Trip	Bear Mt. State Park (if snow). Mike Scugoza, (914) 634-1903
JAN. 4	Day Trip	Harriman State Park (Anthony Wayne Rec. Area). Leader – ?
JAN. 17-20	Weekend	GSSC VERMONT HOUSE. Sign up with Lew Strauss, 489-7662) and Ron Vitale. Ski at Mountain Top and Mountain Meadows, two top areas.
(MLKing)

Trips to be arranged:

Weekend, Feb. 21-23 or Mar. 7-9. Day Trip. Mar. 2 or 9. Others as conditions permit. Stay tuned!

GSSC INVADES WEST POINT!

On Saturday, November 9, 1996, GSSC members once again had a fantastic day at West Point. A much deserved THANK YOU goes to Bruce Fisher and Pete Gisler, who secured the tickets and made the reservations for dinner at the Hotel Thayer.

Some of our early-bird members arrived early and hiked on the grounds, visited the museum and saw the parade before the game. Army won

23-7 over Air Force, which made most of our group happy. The weather also cooperated.

The only disappointing occurrence was that some of the group arrived at the Hotel at 9:30, after our members had completed dinner and left. Of course, if you ask this author (who is always upbeat when it comes to our club activities), she had no complaints, as she and her boyfriend, Lou, had a romantic late dinner alone and rode home without any traffic!

Carol Jordan

SOCIAL NEWS

SUNSHINE

Barbara Roberts, June Sternfels, and Pete Sternfels raised \$750 in the recent Walk for Hope 5K walk.

The money will benefit Breast Cancer Research. CONGRATULATIONS!

Ed Ellis, Donna Ahman, Dot Kruckmeyer, and Bill Murrell were recently given plaques by the club in appreciation for all of their help with the food, lesson, and overall organization of RATDOGS this past summer. KEEP UP THE GOOD WORK!

RAINY DAYS

Chuck Johnson is recuperating from a medical procedure. Cards to cheer him would be greatly appreciated and may be sent to his home.

GET WELL SOON!

OLD/NEW MEMBER BRUNCH – A TREMENDOUS SUCCESS!

Forty-five GSSCr's attended this year's Old/New Member Brunch on October 6, 1996 at the Glen Rock Inn. An almost equal number of new and veteran members joined the sharing in the conversation. buffets, the and cold selections were too numerous to even attempt to taste them all, although most members did their best! No one wanted to leave the fun – the restaurant had to ask everyone to go.

ANNUAL AUCTION SCHEDULED FOR DECEMBER 10, 1996!

"The only fund raiser of GSSC."

It's time for the annual auction of the Garden State Ski Club. If you have any goods and/or services that you would like to donate, or if you would like to help, please call Imran Rana at 489-8503

Let's make this the best auction ever!

SKI JAMBOREE '96

At least 850 interested skiers or make-believe skiers visited the Wayne Manor for the introduction to this year's ski season, the Ski Jamboree of '96. Many New Jersey ski clubs were represented and many more ski resorts all over the east and west coast were giving away free lift tickets. The GSSC booth was well-represented by its officers and many members who volunteered to man our booth. We presented guests with luggage tags, "kiss" cookies, the Lifeline, and GSSC brochures. the Princeton Ski Ship presented a ski fashion show, and a DJ played music for our dancing pleasure. Many thanks to all who made our booth one of the most visited at the Jamboree. The lift chair, the poster, and the happy, friendly atmosphere and welcoming mood drew many people to our booth.

Thanks, and let's do it again!

Isabella Micheels

GARDEN STATE SKI CLUB RACE RULES FOR 1996-1997

CLUB RACES

Classification

1. Generally, racers are classified as 'A' if they average within 10%, 'B' if they average within 20%, and 'C' if they average over 20% of the fastest racer of their sex. If none of the top racers are present for a race, or if too fast a racer is present, the pace is set using other racers plus their handicap to keep all races as equal as possible.
2. Racers with 3 or more races in the previous 2 years will be pre-classified.
3. Racers not pre-classified will be classified based on this year's times and/or any available times from the previous two years. The race committee can classify a racer at any time based on their own discretion.
4. Once a racer is classified, they will remain in the same class for the balance of the ski season.
5. A racer can move up a class if they request it prior to the first race.
6. 'B' or 'C' racers who win two consecutive first place trophies in a given class automatically move up a class in the following year.
7. 'A' and 'B' racers with 4 or more eligible races and no trophy will go down 1 class the next year if times are for a lower class.
8. The race committee can pre-classify other racers at their discretion.

Racing

9. All racers must be club members. To compete for a trophy, a racer must be at least an associate member and have attended at least 4 races.
10. Trophies are awarded to racers with the highest cumulative points from their four best races. In the event of a tie, the next best race point will be added in. Each class has 6 trophies for the club races: 3 for the fastest men and 3 for the fastest women.
11. Each racer is allowed two runs. The best time will be used to determine the points awarded. First place is awarded 10 points, second place is awarded 9 points, and so on.
12. If a racer falls or loses a ski before the first gate, a restart is allowed. If the racer loses a ski within 2 gates of the finish line, the racer may complete the race on one ski.
13. All protests of any type must be made the day of the race and will be mediated by the race committee and any board member present.

DOUBLE COMBINED RACE

1. A racer's class will be the same as the class in which the racer raced during the year.
2. The fastest single run in both Slalom and Giant Slalom will be totaled to produce the winner.

A LODGE...

Danny, another distinguished builder, was our work site leader. He made sure all the details of building were done just right. With patience and understanding he taught we grunts how to be useful, semi-skilled workers.

Joe served as first backup for Steve and Danny. He was the right hand just when it was needed. His special skills and his continuity on the job from weekend to weekend were critical to the successful completion of our deck.

Lastly we owe a special debt of gratitude to ourselves, we, the members of the GSSC. We made it all possible by approving the motion for the funding and construction of a deck. Without our majority support, the deck idea would have remained just that, an idea.

Week to week, we deck builders experienced a genuine thrill witnessing the incredible progress being made. The first weekend was spent , excavating, drilling 25 holes for footings, and bolting support boards onto the lodge. The second weekend we poured the cement footings and nailed together our girders and rafters for the framework. Weekend three saw adding the permanent deck supports, the laying of the deck boards and the start of posts and railings. Installation of the french doors, exterior door for Room # 9 and completion of the steps and railings brought us through weekend number four. On the fifth weekend, some built in benches and tables were added, the interior door was done for Room #9 and various finishing

projects were completed.

A photo album has been assembled with a week to week chronology of the building of the deck. It is available on request. Check it out, you'll like it.

The following is an alphabetical list of the Garden Staters who gave their time 'free' so that we all could enjoy the benefits of a four season lodge: Joe Bilello, Anne Benagh, Bob Bossolt, Pat Braun, Rich Brattlof, Tom Carroll, Judy Chernofsky, Steve Corris, Todd Darinzo, Barry Fields, Joane Geils, Ken Levins, Ron Lichtman, Danny Milutin, Bob Mosher, Imran Rana, Laurie Schwartz, Rob Sinclair, John Tellefsen, and Tom Veitinger.

In closing, I say you should have been there. You missed out by not sharing our experience. Our work was hard but the comradarie made it fun. Together we deck builders shared a spirit of adventure, a feeling that will last within us a long, long time.

Postscript: The Deck was complete and ready for use late in the summer. The first event held on an almost complete deck was the July Golf Weekend. Next came the Labor Day weekend Vermont Bicycle Tour. Then the Deck Appreciation Party. The fourth event was the Car Rally and Fall Foliage on Columbus Weekend.

The degree to which we continue to use our four season lodge is limited only by the imagination and initiative of GSSC members. The State of Vermont offers a plethora of activities for every season. It is up to us, as individuals, to organize activities that will seize the opportunity.

Rob Sinclair

Monday AM -- "Sorry we can't take your call now; WE'VE GONE WINDSURFING!"

Ten brave members of GSSC escaped the first signs of the chilly fall weather in late October to test out the "windy" shores of Aruba -- the island known for its funny looking trees (divi-divi) that literally bend at a noticeable angle due to continuous off shore breezes. The group was almost cut to 9 before we left NJ when the airline, Air Aruba (don't recommend that you fly them), sold the ticket to another passenger on this sold out flight. However, through the art of fine negotiation, we were happily reunited. We settled in for the long flight (with mimosas courtesy of Ken and Pat) while dreaming of what it would be like to catch that perfect sail, to be towed back to shore, or to ultimately drift off to Venezuela or Panama, the two closest

mainlands. Some were newbies: Jeannie McDonald, Gimp and Kenny Levins; others were veterans: Jim Fitzpatrick, Kathy Davenport, Pat Levins, Jim Dempsey, Shelley Mehlman, and Ann Costello; while Denise Mehlman planned our evening itineraries for good food and local touring while "sacrificing" her time off the boards.

Upon arrival, we did the 100-yard dash to get to the car rental office to reserve two cars from their limited supply. You wouldn't believe it but they do rent cars WITHOUT A/C. Imagine 5 people and their gear squeezing into a passenger car that was a glorified go cart. This added to the local flavor that we enjoyed while driving the short distance to our accommodations, the Windsurf Village, where we were greeted by the village pig. (Ann and Jim D. shared their surroundings with the other 10 members of his family.)

Everyone enthusiastically anticipated the challenges of the first day on the water (or in the water as it turned out for most). Equipped with the armor of the day, hand gloves, white T-shirts, 30

sunblock, water shoes, sunglasses, and caps, we enjoyed our continental breakfast amongst the lizards, birds and iguanas, who carefreely shared our cuisine. BUT NO WIND!?!?!? So, we did the next best thing, snorkeling at a nearby wreck. Many of us had never done that, so it was hilarious watching each person spitting into their mask to clear out the fog, walking awkwardly with their flippers while getting knocked over by the surf. We were treated to a colorful and fulfilled morning observing the local species of fish and other creatures (some non-swimmers from New Jersey).

The winds picked up on Monday and we were off for the rest of the week - By day we would work on our jibing, beach starts, water starts, using the

harness and footstraps, tacking in the "bow and arrow" position, and generally becoming candidates for the battered men and women's fund raising drives. By night, supping at the

marvelous cuisine of the island atop the lighthouse watching the sunset, Shelley feeding our scraps to the wild goats, observing the fish in the private aquariums at The Buccaneer, or wining and dining at the docks of Mama Mia's in full view of the cruise ships. Had a little time for gambling -- Jim F. hit the slots for \$35.

Intermittent touring filled in the rare free moments - wild goats, natural bridge, old chapels and cemeteries with brightly colored miniature mausoleums, golfing, wild donkeys, fields of wild cactus, lots of wrong turns, water slides at the Hyatt and Indian drawings on monumental rock formations. The friends went home refreshed but happy to return to their cushy jobs at their desks where they didn't have to "try it one more time" and be rewarded by another toss into the sea.

Many thanks to Jim F. for getting us together to

continued on page 11

HALLOWEEN PARTY '96

There were no ghosts or goblins but there were over 100 attractive, gorgeous, funny, classy, ridiculous, beautiful costumes worn by all who attended the Halloween Party at the Midland Park Firehouse on November 2. An excellent DJ, Julian Hernandez, provided the greatest music for dancing all night. We all ate good home-cooked food and enjoyed the self-tended bar. One hundred prizes could have been given out to all that participated in the costume event, but we only had 27 to distribute. Sorry. A stiking attraction were the Flintstones with their Flintstone Mobile which was specially constructed by Big Al and Guido. This was brought onto the dance floor where many posed for pictures. Nice job, Big Al and Guido. Many thanks to Mary Ann Laskay and her crew for a well-organized affair.

Isabella Micheels

continued from page 10

WINDSURFING...

share one of those rare moments where you get away together. Congrats to Gimp (a.k.a. Ron Levine) or the "pirate" as we called him down there, for hanging in and learning the fine art of windsurfing, to Wonder Boy (you know who you are) for your dedication and true grit to graduate to the intermediate level, to Kathy and Jim F. for graduating from the Rhonda Johnson's professional school of windsurfing, and to "Reggie" who only surfaced during the night.

1997 plans envision a vacation where we would windsurf from island to island. All comers should contact any one the above "crazies" for more details.

Pat Levins

THIS OLD HOUSE

Judy Chernofsky, Bob Bossolt, and Fred Hotz were recently elected to the Lodge Committee. They will join Anne Benagh, and Chuck Johnson, who were elected earlier this year, and Steve Corris, House Vice President. We look forward to their ideas and plans to continue to improve the house!

As the ski season gets underway, the rules for the GSSC Ski Lodge located in Pittsford, Vermont, are printed below for your information:

1. Upon arrival, sign in on the room assignment sheet and select a housekeeping duty.
 - * Room assignments will be posted on weekends and busy mid-week periods. The assigned room cannot be changed without prior approval of the Reservation Chairman or Ski House Vice President. Anyone not signing in who defrauds the Club by unauthorized use of the house (by not paying the room fees), will be banned from using the house and be required to pay such fees; if a member, he will be subject to expulsion from the Club.
 - * Everyone, age 16 and up, must perform a housekeeping task.
2. Label food containers with your name and date or it will become "house" food. Do not leave perishable food beyond your stay. If you wish to leave non-perishable food for the "house", please relabel it "house".
3. NO smoking in bedrooms at any time or in the kitchen when food is being prepared or eaten.
4. NO excessive noise after midnight except on designated party nights.
5. NO showers are to be taken from midnight to 6:30 a.m. and from 7:30 a.m. to 8:30 a.m. except with the consent of the people sharing the same bath facilities.
6. NO illegal drugs are allowed on the premises. Any violators will be asked to leave and will not be permitted to return for the season. No money will be refunded.
7. Anyone causing damage to the house or furnishings (beyond reasonable wear and tear) will be held financially responsible.
8. NO one shall do anything which is likely to endanger the safety or cause damage to a person or the property of persons staying at the house.
9. Shareholders and guests must assist in keeping the house clean. Anything dirtied should be cleaned. People not abiding by this rule are subject to being barred from the house.
10. People staying at the house during the week (Monday-Friday) will be responsible for performing all housekeeping jobs on the job list for the common areas.
11. NO firearms or weapons are allowed in the house or on Club property.
12. DO NOT leave valuables in the house. If you do, you assume the risk. The Club does not assume responsibility for personal property.
13. Minors are not permitted to consume alcoholic beverages, even with parental consent.
14. Children will not be allowed to stay overnight at the house without their adult sponsor. Children are not to be left unattended throughout their stay. No one other than their adult sponsor is to take care of a child. Children are allowed at the house (as guests) only on weekends permitted by the Board.
15. No one is permitted to sleep overnight in the living room.
16. Non-member guests may not use the house unless a member/sponsor is present.
17. NO pets are permitted in the house.
18. The Club provides bedding and towels during the season. Linen is to be deposited on the porch behind the kitchen upon your departure.
19. DO NOT attempt to operate or tamper with the heating, hot water or water purification system. In the event of an emergency, contact the House V.P. or a local tradesman for an emergency repair. Emergency numbers are posted in the house.
20. The use of the TV, VCR and sound system is subject to the inclination of the majority of resident GSSC members. The social space in the living room is usually used for conversation and mingling on Saturdays and after skiing. Do not be offended if the group requests that the TV be turned off. However, the VCR is frequently used to show ski movies to the entire group.
21. THE MOST IMPORTANT RULE!!!
HAVE FUN AND ENJOY YOURSELF!!!
Get to know your fellow Club members. Enjoy skiing and dining out together. Cook a communal meal. A gas barbecue grill is available for your use. (Use the barbecue outdoors only!)

*** Serious violations of these rules will be dealt with by the Club and could result in being banned from the house and even expulsion from the Garden State Ski Club.***

WHO'S WHO

Pat Parker Young, soft-spoken with a warm smile, is the first lady to our "Prez", Dennis Young. They are still on their honeymoon. Pat is a legal secretary at a Hackensack law firm. A GSSC member for five years, Pat is chairing our Snowball this year. She is forever taking sign-ups for upcoming events. Ms. Young enjoys the city life, roller blading, hiking, and her Siamese cats, Felix and Oscar. Most of all, she loves making Dennis happy.

Barbara Roberts, an attractive, young newcomer to our club, has participated in the BBQ's, Summer Olympics, and Ski Jamboree. She has been employed as a paralegal secretary for 15 years. Barbara favors cross-country skiing, hiking, dancing, and horseback riding.

Joanne Fromm, a vivacious socializer, has been with us for only one year and is very active in the club. Joanne is in chare of selling and upgrading lift tickets from last year. This year, she is chairing the Lake Placid ski trip. Joanne teaches in West

Orange and works at Express in Willowbrook Mall.

Kevin Feehan, a rather distinguished member for the second time around, has been with us this time for seven years. He likes the GSSC so much he decided to come back after a long absence. Kevin is busy with his seat on the Stock Exchange and just grins or raises his eyebrows at being bullish. He has been the chief cook for all our BBQ's for many years. Now cruising the field, he loves to golf and ski.

Cliff Broder, a marketing executive, has graced us with his presence for two years. He has given his weekly ski snow reports for the past two seasons. Cliff, Bruce Fisher and former President Bush belonged to the same fraternity at Syracuse University. Mr. Broder, a bachelor, likes horseback riding and sea kayaking in the hurricane off the Jersey shore. I hear he is also good at telemark skiing.
